EXECUTIVE PROFILE

Dr. Rami Shaheen is an international artificial intelligence strategist, applied technology innovator, research contributor, executive educator and institutional transformation adviser. His work spans artificial intelligence, autonomous agent systems, organizational excellence, digital government, institutional governance, professional accreditation and workforce development. His portfolio encompasses government ministries, policing and defense institutions, energy companies, banking organizations, telecommunications providers, universities and professional bodies.

PROFESSIONAL PHILOSOPHY

Moving from isolated AI experiments toward accountable institutional intelligence: strategy, workforce and data capability, implementation, governance, and measurable organizational impact.

CORE EXPERTISE

- AI strategy & enterprise transformation
- Agentic & multi-agent systems
- AI governance & ISO/IEC 42001
- Maturity assessment
- Smart cities & future readiness
- AI accelerators
- Financial intelligence
- Intelligent document management
- Data governance
- AI security & sovereign infrastructure
- Executive education
- Applied research & doctoral advisory

INTERNATIONAL LEADERSHIP & ADVISORY

GLOBAL AI AWARD, DUBAI

Secretary-General, associated with AI excellence and international recognition.

IAIDL

International Artificial Intelligence Driving License: MENA accreditation and leadership in professional certification, competency development and AI institutional assessment.

INCORTA

Board of Advisors.

N8N

Middle East Ambassador for automation and agentic workflows.

WORLD ECONOMIC FORUM

Participation in AI professional networks and activities.

PHILADELPHIA UNIVERSITY, JORDAN

Nominated in October 2023 to represent the IT sector on the Faculty of Information Technology Council for 2023–2024.

ETISALAT ACADEMY, UAE

Training and consultancy partner.

HIGHER COLLEGES OF TECHNOLOGY

Industry advisory work and regional AI and excellence councils.

> grep -r public_sector

GOVERNMENT, POLICING & PUBLIC SECTOR

DUBAI POLICE

Strategic consulting in institutional AI excellence, future readiness, AI governance and maturity assessment, performance management, transformation roadmaps, intelligent operations, Agent Management Studio and smart policing initiatives.

SHARJAH JUDICIAL COUNCIL

Design and facilitation of an AI accelerator connecting challenge discovery, data readiness, rapid prototyping, governance, executive evaluation and transformation roadmaps.

GREATER AMMAN MUNICIPALITY

Municipal modernization, smart-city strategy, urban data, intelligent services and citizen experience.

JORDAN PUBLIC SECURITY DIRECTORATE

Contributed to the Mobile Licensing Bus initiative (2017–2018), later recognized through an Arab Government Excellence Award program.

UAE & OMAN DEFENSE INSTITUTIONS

Specialist AI training, professional capability development, emerging technologies and institutional transformation with the UAE and Oman Ministries of Defence.

SENIOR GOVERNMENT LEADERSHIP

AI education for the Jordan Institute of Public Administration, senior officials and ministers, and UAE diplomatic and executive audiences.

> grep -r industry

ENERGY, BANKING & INDUSTRY

ADNOC ACCELERATE 100X

2022–2023: AI and Future Management Tools for leadership engagement, organizational innovation and transformation planning.

ADNOC IAIDL UPSKILLING

An AI literacy and professional capability initiative targeting more than 500 participants.

INSTITUTIONAL AI ACCELERATORS

Frameworks designed for ADNOC, defense institutions, Dubai Police and Sharjah Judicial Council: discovery, architecture, controlled prototyping, risk review and executive decisions.

BANKING & FINANCIAL INSTITUTIONS

Bank al Etihad, Jordan Commercial Bank, the Association of Banks in Jordan, Jordanian banking training institutions, and Central Bank of Jordan regulatory AI framework training. International banking exposure in the UAE, USA and Syria.

FINANCIAL AI APPLICATIONS

Agentic banking operations, intelligent reconciliation, forecasting, risk and compliance intelligence, AI copilots, document and knowledge automation, customer intelligence, data governance.

ENTERPRISE SOLUTIONS

Agentic Financial, Procurement and Engineering Management Systems, Alpha Intelligent Document Management System, SWARM multi-agent enterprise orchestration.

`> ls ./inventions`

INVENTIONS & TECHNOLOGY PORTFOLIO

AGENTIC & ENTERPRISE AI

OH MY COMPANY, ArabClaw, RamiZKU, Agentic Kubernetes, SWARM, Agent Management Studio, Intelligence Agentic.

AI ENGINEERING & INTELLIGENCE

RamizCoder, Universal Competency Engine, RamizView, WAR-OS.

CYBERSECURITY & PRIVACY

OMNI autonomous cybersecurity, Aegis Tri-Phase Interceptor, Jordan Hornet concept.

ENTERPRISE OPERATIONS

Agentic Financial, Procurement and Engineering Management, Alpha Intelligent DMS.

EDUCATION & COMPETENCY

AIMA, Intelligent Learning System, AI Leaders Game, Certified Agent Professional framework, ZayedToolset.

EMERGING TECHNOLOGIES

Cancer AI Navigator, PlayerDNA Labs, Smart City Intelligence Systems, assistive EEG concepts, sovereign and local AI architecture.

FEATURED PRODUCT

JORDAN VPN

A privacy-oriented VPN application founded and developed by Dr. Rami Shaheen, extending his applied technology portfolio into secure connectivity and mobile software. Dr. Shaheen describes it as the first VPN product of its kind built in Jordan and the Middle East.

WeCare AI healthcare application, Vshields nanotechnology initiative, CrankyDeals virtual shopping, AIMA-related work for the Government of Japan and the Public Prosecution.

> ./approach

FROM AI ADOPTION TO INSTITUTIONAL INTELLIGENCE

STRATEGY
Institutional challenges first.

CAPABILITY
People, data and infrastructure.

EXECUTION
Intelligent systems and workflow transformation.

GOVERNANCE
Accountability, security, quality and human oversight.

IMPACT
Performance, service quality and public value.
